

TECRA™ MODIFIED LETHEEN BROTH

MATERIAL SAFETY DATA SHEET

Non-Hazardous Substance According to Approved Criteria of NOHSC

COMPANY DETAILS:

Company: TECRA International Pty Ltd ACN 007 414 360
Address: 13 Rodborough Road, FRENCHS FOREST NSW 2086
Telephone Number: +61 2 8977 3000 Business hours (8.30am – 6.00pm EST)
+61 2 0416 181 101 After hours
Facsimile: +61 2 9453 3422
Website: www.tecra.net

PRODUCT IDENTIFICATION

Product Code: MLBMED
Other Names: None allocated
UN Number: None allocated.
DG Class None allocated
Poisons Schedule No.: None allocated
Hazchem Code: None allocated
Product Use: Dehydrated microbiological culture medium

PHYSICAL DATA

Appearance Fine, buff coloured powder
Melting Point: Not relevant
Boiling Point: Not relevant
Vapour Pressure: Not relevant
Specific Gravity Not relevant
Flash Point: Not relevant
Explosion Data No data
Water Solubility Soluble in water

INGREDIENTS

	Substance	CAS No.	Proportion	Risk Phrases
Type 1:	None present			
Type 2:	None present			
Type 3:	Sodium bisulphite Other ingredients determined not to be hazardous.	7681-57-4	0.23%	R22, R41, R31

HEALTH HAZARD IDENTIFICATION

Primary Hazard Not classified as hazardous material.
Acute – ingested Ingestion of large amounts may cause mild gastrointestinal discomfort.
Acute – inhaled Inhalation of large amounts of dust may cause mild respiratory tract discomfort.
Acute – skin May cause mild skin blemishing in some individuals after prolonged exposure.
Acute – eyes May cause physical discomfort due to dust particles.
Chronic No known chronic effects

FIRST AID

Ingested Rinse out mouth with clean water and ingest 1 - 2 glasses of water. Seek medical advice if necessary
Inhaled Move victim to fresh air. Seek medical advice if necessary
Eye(s) Irrigate thoroughly with copious amounts of water for at least 15 minutes. Seek medical advice if necessary.
Skin Wash thoroughly with soap and water. Seek medical advice if necessary.

PERSONAL PROTECTIVE MEASURES

Engineering Controls Use with local exhaust ventilation or in fume hood conforming to AS/NZS2243
Respiratory Protection If local exhaust ventilation unavailable, wearing of an air purifying respirator with a particle filter complying with AS1715/1716 is recommended
Skin Protection Wearing of disposable latex or vinyl gloves, long sleeved laboratory coat or gown.
Eye Protection Wearing of safety glasses with side shield protection complying with AS/NZS1337
First Aid Facilities: Safety shower drench, eyewash drench, normal washroom facilities

TECRA™ MODIFIED LETHEEN BROTH

MATERIAL SAFETY DATA SHEET

Non-Hazardous Substance According to Approved Criteria of NOHSC

FIRE/EXPLOSION HAZARD

Hazard: Not regarded as a fire hazard. Large airborne quantities of dust may constitute an explosion hazard.

Fire Fighting Measures: Use water spray, CO₂, Dry chemical, appropriate foam

TOXICOLOGICAL INFORMATION

Exposure Limits: No documented standard exists for this product, however the TWA for non-toxic, inspirable dust in any workplace is 10mg/M3 (NOHSC)

Irritation Data: No data available

Toxicity Data: No data available

Chronic Effects: No known chronic effects

STABILITY AND REACTIVITY

Known Hazardous Reactions: None known

Hazardous Decomposition Products: None known

ENVIRONMENTAL INFORMATION

Ecological Toxicity: No data available

Biodegradability: No data available

Handling, Storage and Transport Information

Handling: Avoid inhalation of dust and contact with skin, eyes or clothing. Do not eat, drink or smoke when handling.

Storage Conditions: Store in a dry place below 25°C away from strong light.

Transport: Special transport precautions not required.

ACCIDENTAL SPILLAGES

Personal Protection: Gloves, mask and suitable protective clothing.

Cleanup Procedure: Sweep up and collect into suitable bags or containers and store to await disposal. Avoid raising dust.

Disposal: Transfer to suitable containers and dispose of at an approved waste disposal site

OTHER RELEVANT INFORMATION

Safety phrases: S22 – Do not breathe dust

S38 – In case of insufficient ventilation, wear suitable respiratory equipment.

CONTACT POINT

If clarification or further information for risk assessment is needed, the user should contact Tecra International on (02) 8977 3000.

Tecra International believes that the information provided in this document is believed to be correct at the time of writing but does not purport to be all inclusive, since health data and regulatory safety standards may be subject to change and the conditions of use of the product are beyond our control. Tecra International makes no warranty, either expressed or implied as to the accuracy or totality of the information supplied and accepts no responsibility for results that may be obtained by the user of the product. Each user should consider the information in this Material Safety Data Sheet in the context of how the product will be handled and used in the workplace, including use in conjunction with other products.

This MSDS is valid for 5 years from the issue date unless superceded before.
